APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit is issued subject to all prior rights on the stream system of which this source is tributary and is expressly for flood water only. The permit is issued for water for the full acreage applied for, notwithstanding the fact that a portion of the land included in the application as proposed to be irrigated, is listed under proof of appropriation No. 00607. The acreage entitled to a vested right, if any, will be deducted from the certificate under this permit when issued. No water shall be diverted after July 1st of any year without permission first had and obtained from the State Engineer. The State reserves the right to regulate the use of water at all times. The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed Three & 2/10 cubic feet per second. (3.2)

Actual construction work shall begin on or before October 30, 1915.

Proof of commencement of work shall be filed before November 30, 1915.

Work must be prosecuted with reasonable diligence and be completed on or before October 30, 1917.

Application of water to beneficial use shall be made on or before March 30, 1921.

Proof of the application of water to beneficial use must be filed with the State Engineer on or before April 30, 1921.

WITNESS MY HAND AND SEAL this 30th day of August, 1915.

Proof of labor filed DEC -2 1915

Map required under No. 3595 which was granted for a change in point of diversion
